Q7] A)

Be the change you want to see

This quotation is a little futuristic quotation. Firstly you have to involve yourself in that change whatever is the position of yours. You have to involve yourself in that thought process in which you want to change. This quotation is very easy to understand but very hard to apply it in your life. You have to change your thinking process upon many things we are always dependent on each other saying he/she will help and the second person will think that the 3rd will help and 3rd person will think that 4th person will help and the 4th person will think that the 1st person will help. Because of this everyone will be dependent on each other and no will help that person. Similarly

Q.No. Q.No.

Q. No.

animals and humans are also dependent which is hard to explain. ~~S~~ The main thinking you should change is fear of failure. The CEO of Google once said that "wear failure as a badge of honour." You should change your own thinking first before changing other's thinking. First "be the change that you want to see."

Population in India

The table represents State wise Distribution of Urban and Rural Population in India. The first one in table is Maharashtra where Rural population is 560 million whereas Urban population is 410 million. The next is Gujarat where Rural population 320 million and Urban population is 190 million. The next is Madhya Pradesh where the Rural population is 440 million and the Urban population is 160 million. After Madhya Pradesh comes Chhattisgarh where the Rural population is 170 million and the Urban population is the lowest that is 40 million. The next ~~one~~ is Andra Pradesh where the ~~urban population~~ rural population 550 million but Maharashtra is still ahead in this and the Urban population 210 million. The last one is

Karnataka where the Rural population is 350 million and the Urban population 180 million. So overall, if we see there is a variance in distribution of Urban and Rural population in diffrent states of India. When compared Maharashtra has the highest rural and urban population whereas Chhattisgarh has the lowest in both.

school premises. The day began with the hoisting of the national flag by our Chief Guest Mr. Metha at 7a.m. The entire assembly of students sang the national anthem immediately after the flag hoisting. The school band marched past the ground playing drums and trumplets. The members of the band were dressed in the colour of the school's emblem and wore attractive sashes and headgears.

The cultural events were kick started with the dance competition where students competed with one another in the solo and group dance categories. Miss Umang from class 9 won in the solo category and Class 6 won ~~one anot~~ for their colourful rendition of a folk ~~dance~~ song. After the cultural events, an environment exhibition was held.
